THE FRANCE SYSTEM OF TREATMENT.

THE FRANCE SYSTEM OF TREATMENT.

The Science of Medicine has improved wonderfully during the last few years, and for this great progress we are indebted chiefly to those physicians who have confined their researches to a comparatively limited field.

For twenty years Dr. France, nided by many trained assistants, has been investigating in a new and original manner the nature and treatment of obscure and chronic diseases.

During this period a complete record has been preserved for study, reference and comparison of nearly fifty thousand affections. The study of this vast number of disorders has ted to many discoveries regarding their true nature and best methods of treatment. Our remarkable success in this comparatively limited field has resulted in an immense practice. We have constantly under freatment hundreds of patients from every state and territory in the United States, Canada, British Columbia and Mexico. Dr. France is aided by a large corps of trained medical assistants, and also by many consulting physicians, among whom are some of the ablest specialists.

After twenty years' experience, the France System of Treatment has been found most successful in the cure of chronic diseases. It is a harmless home treatment, and acting as an adjunct to the skill of the Trance physicians, the following diseases a deaty give way to its remarkable curative effects:

Kidneys and The Yhlinya and shadder are the great blood purifors of the system, as they Bladder.

The supreme master, J. C. Bickford, a member of the supreme court of New Hampshire; Lieutenant Governor A. P. Riddle of Kansas, the chairman on vital statistics, and Mr. W. S. Robinson, a member of the court of appeals in the state of Texas, and some grand officers representating every state in the Union will assemble next January in the city of Chicago to deliberate upon a universal celebration by all the members through out the United States on the occasion of the thirty-third birthday of the order. The representatives from the state of New York will make arrong efforts to have the celebration in the city of Bufalo during the Pan-American exposition, for it is expected that at least from 25, 000 to 50,000 members would participate. Many lodges in New York state have initiated over 100 members since the 1st of last March.

The bound in workmanship in Missouri still continues, and applications are rolling into the grand recorder's office daily for beneficiary certificates from all parts of the state.

The French lodges in New York city are highly elated over the advancement in the grand lodge of Past District Deputy Jules Perosset, who was elected grand inside watchman at the last session. Next year he will be a candidate for grand guide, and as he has been a representative for more than ten years his election seems to be assured.

There are 33 lodges of United Work men in the city of San Francisco.

Importance of Frempt Payments.

Blees Buzzes.

When a member neglects payment beyond the time limit, he is on dangerous ground and, as a rule, does not realize that he jeopardizes the interests of both himself and his dependents. More than that, he frequently jeopardizes the standing of every member of the tent for the record keeper, in waiting for the slow members to pay up, delays his remittance and reports to the supreme tent for all other wembers, thus making it possible if a Sir Knight should die in that critical period to debar the supreme tent from the payment of the claim on lawful grounds. At the same time it precludes the possibility of the tent officers making affidavit, as is necessary, to the deceased member's good standing at the time of death.

The largest tent in New York state is
